Trap Germans

(By International News Service)
PARIS, Jan. 5.—The American First Army assault front against the Nazi-held Ardennes salient was extended today to a length of 20 miles, with British and other Allied forces pitching into the fray along the western end of the enemy bulge.

Steady but slow progress was made by the Allied assault forces which extended the flanks of the offensive front and punched southward from the Grandmenil area in a drive aimed at an eventual junction with the American Third Army pushing northward from the Bastogne region.

The twin drives threatened to cut the Nazi salient at its waist and trap the Germans, including Panzer forces, remaining in the western tip of the bulge.

A headquarters spokesman revealed officially for the first time that British and other Allied units were taking part in the great Ardennes battle.

The German-held salient from north of Longchamps, above Bastogne, to sectors smashed into by the First Army was squeezed down to a width of 14 miles.

Troops on the eastern flank of the northern offensive front battled their way into Abrefontaine, eight miles west of the city.

She is just four days old and she weighs just eight pounds... but she is a very important addition to Bristol's population.

Her name is Lillian E. Strong, Bristol's first baby of 1945, and the wearer of the Bristol Courier Baby Derby Crown.

Lillian's father was doubly surprised when he arrived in Bristol on Wednesday from Texas... he found he was a father for the second time... he has a two-year-old son... and he found his brand new daughter was the Derby winner.

(I. N. S. Staff Correspondent)

NEW YORK, Jan. 5.—(INS)—The British—rather than Americans—today seem to be playing the dominating role in directing the rehabilitation policies of liberated Italy.

Actually, under the Allied Commission set-up, it is a joint American-British affair.

But the British in recent months have thrown in many dozens of high military officers to handle civilian affairs in the cities and towns occupied by the Allies in Italy.

You saw nothing but Americans in Rome immediately after the Yanks took that city on June 4 last. But today the offices and streets of Rome teem with British officers and soldiers.

At advanced Allied force headquarters in Rome the personnel is now predominantly British. One reason for this is that the news from the Mediterranean theatre now seems of more interest to the British reading public than to America. Many American correspondents shifted to France after the invasion of southern

PLEADS GUILTY TO
BURGLARY CHARGES

John Welsh, Doylestown,
Admits Breaking Into
Doylestown Co-Op.

PRONOUNCE SENTENCE

DOYLESTOWN, Jan. 5.—John Welsh, 35, Main street, pleaded guilty, Wednesday, at a session of miscellaneous Quarter Sessions Court, to charges of burglary, larceny and receiving stolen goods, when he broke into the Doylestown Co-op Store on the night of Dec. 26.

Judge Keller, in pronouncing sentence, said he sympathized with Mrs. Welsh and her children and also with the defendant, but that because of the seriousness of the charges, sentence cannot be suspended.

Judge Keller, who previously told Welsh it was a case of too much "celebrating Christmas," sentenced the defendant to pay the costs, to pay a fine of \$1 and to a term of not less than six months or more than 24 months in the Bucks County Prison from the date of commitment.

"Your release at the expiration of the minimum sentence will depend entirely upon whether or not you have changed your attitude toward your drinking habit," declared Judge Keller.

Welsh then asked the Court if he could be released from prison if he would join the Army.

First Month's Rent

Bristol's teen age canteen is underway. As yet it has no official name—that is to be left up to the teen-agers, but the organization was perfected, a month's rent donated by a local lodge, and other financial donations promised by organizations at a meeting held in the municipal building last evening.

Twenty-four women and men assembled last evening to discuss the proposed project, they representing several clubs, lodges, and organizations in the borough of Bristol.

Following perfecting of the canteen organization several decisions were made. One was that the canteen will be open to girls and boys of Bristol township as well as Bristol borough. Two nights were decided upon to conduct the canteen each week—Wednesdays and Saturdays. A registration fee of 25 cents will be charged, with five cents admission fee each night the canteen is open.

Two tentative sites were suggested, and a committee planned to inspect one of the proposed buildings this morning.

Mrs. Adolph Ancker who opened the session, was elected general chairman of the canteen. During balloting, the Rev. George E. Boswell occupied the chair. Other officers named are: treasurer, William Bartholomew; secretary, Mrs. Robert D. Brooks; committee chairman—finance, William Bartholomew; music, yet to be named; recreation and special events, Mrs. Carl Foell; snack bar, Mrs. Benjamin Broadbridge; property, Dr. J. Fred Wagner; registration, Mrs. Wagner.

DON'T HURRY THE SALESMAN

Many persons dream of a post-war era filled with the shining new developments of the air age, including the helicopter. People picture a future of living in the country, flying downtown for shopping, parking the helicopter atop the department store, and so on.

But before paying a visit to the nearest helicopter salesman, a word of warning is suggested by Grover C. Loening, aircraft adviser to the War Production Board, and a helicopter expert. Mr. Loening believes that the true picture is that the helicopter for the next few years is limited to usage by professional aviators. "As a matter of fact," he says, "the helicopter is an even more professional apparatus than the airplane."

On an airplane, there are three basic sets of controls—elevator, aileron and rudder. To fly an airplane at any speed in ordinary flying, the pilot has only to coordinate these three controls. Autogiros and helicopters differ. The autogiro is like an airplane in that the engine-powered propeller pulls it through the air. But instead of having a fixed wing it has a windmill wing through which the wind flows and it gets its lift.

The helicopter has no propeller. The engine power comes directly from the rotor, one that looks like an autogiro's, but through which the air flows in the opposite direction, because the rotor is tipped forward into the wind. Thus, the wind motion on the rotor pulls the helicopter along at the same time that it is being lifted. It is in the coordination of five controls that the helicopter presents problems which Mr. Loening estimates may postpone its general use for some years.

RADIO DUEL

There is a war in progress in the air between a Filipino and a Japanese actress, with Tokyo the stage for the Japanese and San Francisco for the Filipino.

The Japanese actress is Tokyo Rose, whose American voice indicates that she was educated in the United States. She wails songs in English beamed to U. S. forces in the South Pacific, endeavoring to make the GI Joes so homesick that their morale will suffer. But she has an able competitor now.

Carmen Ligaya, as mistress of ceremonies on one of the Philippine Hour programs from KGEI, gets fan mail from GIs in all parts of the Pacific—from the Aleutians to New Guinea—and she is credited with having done a fine job in blocking out Tokyo Rose.

Her main effort has been in words and music directed at her Philippine homeland. She was for two years under Japanese misrule on the islands before she was evacuated to make daily broadcasts of American music and Filipino folk songs in dialect beamed to the Pacific.

CHILD'S COLDS

Most young mothers use this modern way to relieve miseries of children's colds. At bedtime they rub Vicks VapoRub on throat, chest and back. Grand relief starts as VapoRub...
PENETRATES to upper bronchial tubes with its special medicinal vapors, **STIMULATES** chest and back surfaces like a warming poultice.
Often by morning most of the misery of the cold is gone! Remember—**ONLY VAPORUB Gives You** this special double action. It's time-tested, home-proved... the best-known home remedy for relieving miseries of children's colds.

Pleads Guilty To Burglary Charges

Continued from Page One

Officer C. Clifford Beck, of the local police, testified that Welsh broke in a rear door and stole a leg of beef, several pieces of bologna, a pot roast, candy bars, 18 doggies, 17 packages of smoking tobacco and some other articles.

Welsh was employed by the Pine Run Farm Supply yards on South Main St., where some of the stolen goods was recovered after being hidden in the supply barn.

Officer Beck testified that Welsh had been drinking but that he was not "real drunk."

Officer Clarence Irvin testified that Welsh was "mean when drinking" and had tried to start several fights in a Doylestown tavern the night of the robbery.

Herbert Leatherman, manager of the Co-op store, testified the value of the goods stolen was \$75, but the actual loss to the store was about \$10, since most of the goods was recovered.

Welsh testified that he is married and has three children, one four months old. Welsh was born in McKean county. The defendant testified that he has worked for a number of people in this community, several years for farmers.

"I was drunk and under the influence of whiskey and I don't remember breaking into the store," Welsh testified. "I remember being inside the store after I got in."

The defendant testified that he had been drinking on Christmas Day from three in the afternoon until late at night when he broke into the store.

The police traced Welsh through two ration books that he dropped on the store floor.

Welsh told Judge Keller that after he went home, he started to sober up and that he became worried, and hid some of the stolen articles in the shed in back of his home.

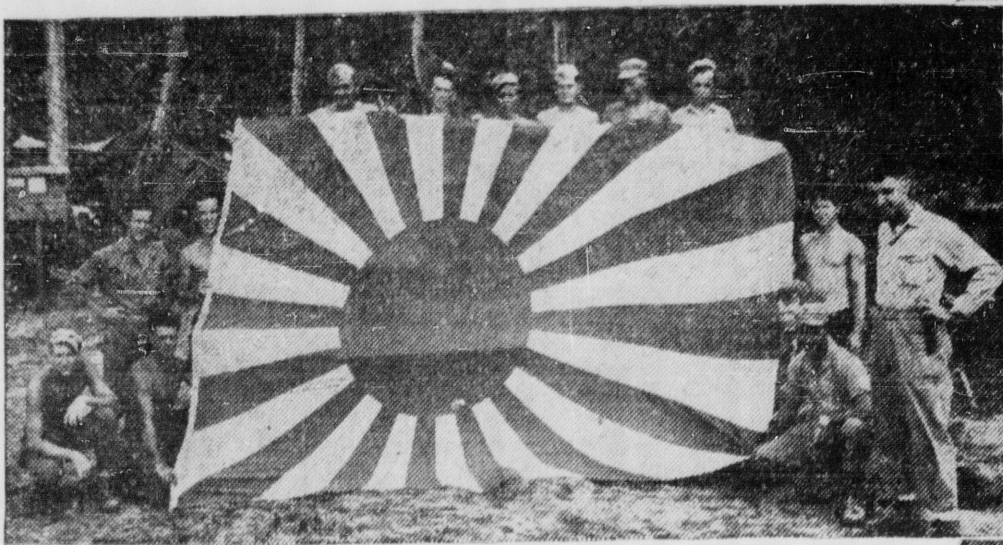

"Then I went up town and tried to get some more beer, but I was flagged," Welsh testified. "Then I was told by one of the employees of the tavern that he would give me two bottles of beer if I went home. And I did. I was drinking the beer when the police arrived at my house."

"Do you mean to tell this Court that you got enough liquor at the tavern to get yourself as drunk as you say you did?" Judge Keller asked the defendant.

"Yes, I did," Welsh announced.

Mrs. Margaret Welsh, the defendant's wife, testified that her husband always provided well for the family, and that "everything is good about him except his drinking."

Axis Flags Captured by Marines in Marianas

Both Axis partners contributed something toward these photographs. The tattered German flag was found in possession of the Japs during the Marianas Islands campaign and is possibly the only Nazi flag to be seized by Marines in the whole Pacific. It is being displayed by Marines Sgt. William E. McLaughlin (left) of Salem, O., and Pfc. Charles E. Jarrett of Atlanta, Ga. The Jap banner, 9 by 13 feet and largest Jap flag found on Guam, was uncovered in the cave used by the military governor of the island. The Leathernecks grouped around the flag, reading clockwise, are: Pfc. Kenneth M. Hainline, Joliet, Ill.; Sgt. A. J. Bertinelli, Philadelphia, Pa.; Corp. Richard G. Ryken, Albany, Cal.; Corp. Lyle E. Jones, Hope, Ark.; Sfc. Virgil F. Garrett, San Diego, Cal.; Pfc. Bartlett K. LaPorte, Springfield, Mass.; Corp. Bhuel E. Crouser, Parkersburg, W. Va.; Pharmacist's Mate Third Class Galen G. Wohlman, Minneapolis, Minn.; Pfc. Paul E. Dodson, Columbia, Tenn.; Sgt. Eugene V. Stewart, Aurora, Mo., who discovered the flag; Pfc. Charles Kohler, Bristol, Pa.; Corp. James E. Thompson, Flat Rock, Ill.; 1st Lt. Chris Gugas, Omaha, Neb., and Capt. G. A. Wilson, Quenemo, Kan.

SPORTSMEN'S

BRIEFS

BY JOE ELBERSON

Just a reminder . . . if you haven't already filed your 1944 game report kill with the Game Commission you had better get busy and get it in the mail. Deadline for filing the report is the 16th of this month. If you don't get it in by then you are subject to a two dollar fine. Every holder of a 1944 Pennsylvania hunting license is required by law to file this report.

Two important meetings next week . . . the first meeting is that of the Federation of Sportsmen's Clubs of Bucks County, which will be held in the Monument Restaurant, Doylestown, next Monday evening, January 8th. Delegates of all member clubs are urged to be on hand. Highlighting the meeting will be the election of officers for the current year.

The second meeting, of even more interest to local sportsmen, will be the first meeting of the new year for the Bristol Fish & Game Protective Association. It will be held in the Odd Fellows Hall, Tuesday, January 9th, at 8:30 p. m. In addition to the business program a series of sports movies will be shown. Prizes for 1944 winners in the fish and game contests conducted by the Association will be awarded. Officers for 1945 will also be elected. An open invitation is extended to every interested sportsman. There will be free refreshments.

More fish for the southeastern part of the State . . . according to an article in the November, 1944, issue of the Pennsylvania Angler: "The Board of Fish Commissioners unanimously agreed that the necessary steps be taken to purchase what is known as the Trexler Fish Hatchery, located near Allentown. . . . The Board believes that this will be a real addition to the present fish farms which are now in operation and will give the Board a plant which can be operated immediately and which has been needed for many years in the southeastern section of the State. . . . The present Trexler hatchery, which is planned for the propagation of trout, under the proposed plan by the Fish Commission would also be constructed in a giant post-war project to include the raising of warm water game fish such as bass. . . . Trout from the present Trexler hatchery, to be operated as is until the war is over, would be used to stock the fresh water streams of Lehigh and all adjoining counties, including short runs to the numerous trout streams in the Pocono Mountains. . . . Bass and other warm water species are being considered for liberation in the many ponds of the Pocono Mountains and the warm water streams of the east, especially the Perkiomen Valley. . . . The over-all development, as planned by Thomas O'Hara, Chief Engineer for the Fish Commission, would include a total of 82 ponds with a total water area of approximately 18,42 acres."

Advances also were scored in a southeasterly direction, along a railroad running parallel to the main Hottel-Marche road.

The forward-moving Americans beat down stubborn opposition and at the same time overcame biting snowstorms and rain storms.

A Booster Committee has been formed to sell season tickets for Bristol high school athletic association games and the games of Fleetwings Arrows which will be played at the high school on certain nights in conjunction with the high school tilts.

There will be 11 home games for high school varsity team, and six home games for Fleetwings.

Both teams are in the best condition ever, states Charles I. Bowen, chairman of the Booster Committee, who foresees an interesting season ahead.

Other Booster Association members are: William H. H. Fine, treasurer; Walter Rosser, secretary; Keith Rosser, publicity chairman; Thomas Jones, chief salesman; and Charles Utz, faculty manager of B. H. S. Athletic Association.

Outlet for ticket sales include: David Norman, John H. Hardy, Joseph Singer, Thomas Profy, Pasquale DiLorehzo, and Edward Finegan.

Last evening Mr. Bowen appeared on the stage of the Grand Theatre and outlined the plan of ticket sales for the benefit of the public.

The forward-moving Americans beat down stubborn opposition and at the same time overcame biting snowstorms and rain storms.

The board members are keenly interested in tax sales in the county of Bucks, the main desire being that titles on properties sold be clear so no questions on titles will arise at later dates. The taxation committee is busily engaged in this interest.

Following election of officers, and decision to commence operation as soon as minor details are attended to, representatives of Bucks Lodge, No. 1169, Loyal Order of Moose, announced that that lodge would pay the first month's rent. This sum was turned over to the treasurer at once. This lodge also offered to pay a regular sum

monthly, provided other organizations are willing to do the same.

A representative of Bristol Business Girls Club stated that \$10, as its first donation, will be given to the canteen by that club. Rohm & Haas Co. Sewing Circle and Morning Star Chapter, No. 395, Order of the Eastern Star, also promised money donations through representatives at the meeting.

Decision was made to have the canteen open each Wednesday from 7 to 10 p. m., and each Saturday from 7 to 11 p. m. Girls and boys aged 13 to 19 inclusive will be admitted. At the door the registrar will list the name, address and age of each canteen member.

The next meeting of the canteen officers and committee members will be held on Wednesday evening, January 17th, at eight o'clock in the municipal building.

Representatives of all organizations in the borough are asked to attend, also any individuals interested in the project. A request is made that lists of all members of organizations willing to aid in the project be provided canteen officials by the next meeting. From such a list hostesses and other committee members can be secured, giving a representation to all parts of the borough and making the canteen truly a borough project. David Hertzler, Bristol high school principal, offered use of high school facilities in preparing letters to be sent to organizations relative to the canteen.

habilitation would be for Washington to delegate real authority to prominent Americans in Italy—men such as capable Brig. Gen. William O'Dwyer and Ambassador Alexander Kirk.

An American of the type such as the aggressive Fiorella H. LaGuardia, mayor of New York City, might accomplish wonders in Italy because the Italians have great confidence in his ability and integrity and feel he is one of their own. It has been frequently rumored that President Roosevelt was sending LaGuardia to Italy to help direct the Allied civilian affairs but those who know "Dutch" are sure he wouldn't go unless he had full power to act.

BRISTOL HIGH TO TRY FOR THIRD STRAIGHT VICTORY

Local School Five To Meet
Southampton Quintet
Here Tonight

VICTORY ANTICIPATED

Coach Stackhouse Feels
That His Team is Now
Coming Into Its Own

Bristol High will shoot for its third straight victory tonight on the local court when it meets Claude Lodge's Southampton High quintet. Opening tapoff is scheduled for 7:30 o'clock. In the second game of the night, Fleetwings will meet the Coast Guard team.

Coach Harold Stackhouse's boys closed their pre-Christmas season with two wins and a loss. The quintet lost to the Dobbins School and they managed to triumph over both Florence and the New Jersey School for the Deaf.

Stackhouse now feels that his proteges are coming into their own and feeling the range of the nets. He has shuffled his lineup on several occasions and feels that he is hitting on a combination that will give Bristol plenty of victories for the season.

It is most likely that Joe McDevitt, Embessi, Mandio, Collins and Reds DiAngelo will make up the starting five in tonight's fray.

The Fleetwings team is facing stiff opposition in the Guardians. This is the same outfit that beat the Arrows in the last 20 seconds last season.

The team is led by Tom McCullum who has been the leading scorer for the past two seasons in the Philadelphia area. It was McCullum's double-decker that beat Fleetwings last year. The 5'-11" forward played with South Philadel-

phia High School and later attended LaSalle College where he excelled in the court game.

Walter Tanana, who at one time played center for the Detroit Eagles professional basketball quintet, will be at that post tonight, and with McCullum is expected to do most of the scoring for the Coast Guardians.

The other Guardians are 'Woody' Smith from Reading, "Buffalo Bill" Cody, "Mac" McEnroe and "Pod" Milcovis. The latter sets up the plays for the sailors.

The team, coached by Lt. John Danner, with its athletic director, Leonard Pelligrino, has a log of 11 triumphs and three defeats, and is the only club to hold a triumph over the Arrows this season.

The Arrows will come out in full strength for the Coast Guard fray and will be led by Devon Smith and Ace Abbott, both of whom play professional ball for Trenton.

Ed. Wiesse, lanky guard; Nick Vessa and Yaffa will round out the remainder of the lineup for the Arrows.

The airplane workers have not lost a game on the local court, and according to William H. Alexander, public relations director, the Arrows are out to keep this record clean.

Labor Relations Are Greatly Improved

Continued from Page One

Organizations has changed and it is now possible to complete contracts which were impossible of solution a short time ago," Shays stated. He uttered a hope that labor and management relations will continue to get better by working together in harmony.

Shays spoke on the present-day methods of the scientific hiring of personnel and then the banding-together process which makes for a perfect organization.

"To achieve this end it is necessary to have supervisors who are in harmony with the ideas of the personnel manager, and this will result in a happy organization of employee - employer relations."

Shays pointed out.

"The present plan is to train supervisors . . . the day of 'slave drivers' is over and a man who has done a good job once in a while is not necessarily a leader of men. He cannot be made a foreman or plant manager just on this basis alone . . . supervisors must be trained for their work in present day industry."

"When it becomes necessary for a lay-off of personnel, management is sorry for such action."

"We must remember, however, that one foreman can spoil all the efforts of management by taking spite on those with personal grievances. Groups of people can be swayed by small happenings and this makes it necessary to be exceptionally careful of the relations between supervisors and employees."

"Groups of people represented by labor still have a sense of fair play and we thank our good fortunes that they are here so that the prosecution of the war can be successfully completed."

Shays also outlined some of the requests being made by present employees with regard to the G. I. Bill of Rights. He declared that these employees are asking that "severance pay" be given them when they are replaced by returning servicemen. Present employees are asking for a severance pay of four weeks for one year of service and eight weeks for two or more years of service.

At the conclusion of his talk Shays answered many questions for the men present.
